3 building blocks
to realise the
consumer-centric system

6

Eurelectric Power Summit 2019 – May 20, 2019

Unlocking energy services at scale requires new interactions

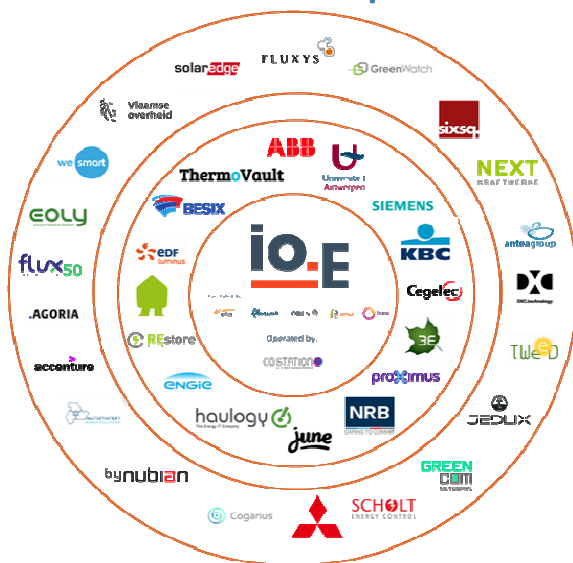

7

Eurelectric Power Summit 2019 – May 20, 2019

Within a “unique” ecosystem

60+ partners

developing new use cases in groups to demonstrate value for the consumer

30+ partners

offering support (cities, academics, regulators, etc...)

Facilitated by all Belgian system operators
